We are in receipt of a beautiful and profusely illustrated catalogue from the Archias' Seed Store, at Sedalia, Mo. The arrangement of the lists is such that an order can be selected easily and will receive prompt and careful attention. The Archias seeds are dependable and the store is gaining in popularity each year. A postal card with your name and address, will bring one of their splendid catalogues free.

Jennings Paroled

Wm Jennings, convicted at Hartville, in 1899 for complicity in the famous Frisco train robbery near Macomb in 1898, has been paroled. His time would have expired in June, at which time he would have served 15 years, as 5 years of his 20 year sentence would be deducted for good behavior. Jack Kennedy of Kansas City—the "quail hunter"—said to have been the leader of the gang, has been out of the "pen" some time. Several men were implicated in the robbery, which netted about \$700. One died in prison, and two turned states evidence, we understand.

Hoover Buys a Hupmobile

Jake Hoover went to Springfield Saturday and bought a 36-horse power 5-passenger Hupmobile and started home with it but an accident near Rogersville as he and a chauffeur were driving the car to Mansfield Sunday compelled him to send the car back to Springfield for repairs. He will bring the car home in a few days and use it in connection with his livery business.

The Forty Year Test.

An article must have exceptional merit to survive for a period of forty years. Chamberlain's Cough Remedy was first offered to the public in 1872. From a small beginning it has grown in favor and popularity until it has attained a world wide reputation. You will find nothing better for a cough or cold. Try it and you will understand why it is a favorite after a period of more than forty years. It not only gives relief—it cures. For sale by All Dealers. Adv.

NOTICE

Anyone found guilty of gauding or jeeering passengers at the Station or on trains will be prosecuted to the full extent of the law.

OLD RESIDENT DEAD.

Eli Coday, one of Wright county's pioneers, passed away Tuesday at 9:35 p. m., lacking just three days of being 75 years of age.

He was born March 20, 1839, four miles north of Mansfield, and was a resident of this county his entire life. He was a Civil war veteran and one of our most respected and worthy citizen.

In 1860 he was married to Alisia Yager, who with 4 sons and 5 daughters, besides hosts of other relatives and many friends, are left to mourn his death. Two sons and one daughter preceded their father in death.

All of the children were present at the funeral: Calvin C. Coday of Missoula, Mont., and Mary A. Coday, Docia Whitaker, Alonzo Coday, John Coday, Susan Quillen, Hosea Coday, Melissa Coday and Maggie Millsap of Wright county.

Rev. W. H. Anderson of the Church of Christ conducted the funeral from the residence Wednesday afternoon; interment in the Mansfield cemetery.

Traveling Salesman Injured

Edgar W. Ingliss of St. Louis, a traveling salesman for the Bull Medicine Co., met with quite a serious accident this morning.

While he and another salesman were crossing the Frisco tracks the ring bolt in the buggy broke, the front wheels came loose and Mr. Ingliss, who was driving, was precipitated over the dash board, receiving many severe and painful bruises about the face, nose, eyes and knees. Dr. R. M. Rogers dressed his wounds and the injured man is recuperating at the Mansfield Hotel. The other salesman was not injured.

Back, Men! This is for Our Lady Readers Only

We know Spring is coming soon. Not because of swelling buds, not because wild ducks are going northward, not because of a robin "cheep," but by a sign just as infallible. We have heard the womenfolk whispering around about taffeta and coils and moire and beads and new straws and one thing another, and we've watched 'em pore over fashion pictures and dig around in old bandboxes so we know what's coming. It wouldn't be Spring without women's fashions. We decided to help along a good cause; and on another page this week we print two articles of peculiar interest to women: "Lingerie Ribbons Embellish Undermuslins," and "Girdles For Dancing Frocks." We use these phrases thus carelessly because we don't appreciate their importance and their seriousness to the ladies. Husbands, big brothers and sweethearts are warned not to read these articles, though a peep at the illustrations may bring a change of luck.

A Serious Runaway Sunday

Sunday, while Frank Ahland and Miss Ethel Rowe were out driving, the team of 3 year-old horses attached to the buggy became frightened near the canning factory and ran away. The buggy tongue was broken, causing the driver to lose all control of the frightened animals. The buggy was demolished, and the occupants thrown out and quite badly bruised but not seriously injured. One horse was badly hurt by having the neck yoke driven 13 inches into its breast. Veterinarian Mack Davis was called and has been doing everything possible for its relief. The other horse was not badly injured, and was caught near W. N. Draper's, but the injured one broke away and ran to the L. A. Short farm before it was caught. The team was a fine one and the damage falls quite heavily upon Mr. Ahland.

Lyle Ellis for County Clerk

In the announcement column is the name of W. Lyle Ellis for County Clerk. Mr. Ellis was born and raised in Mountain Grove and is a successful and capable business man, whose word is as good as his bond. He is a son of Wm. C. Ellis, whose associates declare has spent more time and money for the success of the Democratic party than any other man in the County. Lyle Ellis was a salesman in the Stock Yards of East St. Louis for some time but resigned to go into the stock business for himself. For the past few years he has been dealing in live stock and poultry at Mountain Grove. The mere fact that he has been offered his old position shows that he has made good in his line of business. Likewise he would make good as a county official.

Bert Herrick for Collector

We are publishing the announcement of Bert Herrick of Wood township, as a candidate for the Democratic nomination for Collector of Wright county. Mr. Herrick is a prosperous farmer of Wood township, having resided in the county the past 20 years. He made the race for Assessor in 1908 when there was no possible hopes of electing a Democrat and made a good showing. Bert is a staunch Democrat and well qualified for the position he seeks. Any favors shown him will be greatly appreciated by himself and his many friends. He is the present committeeman from his home township and will doubtless prove a strong factor in the primary.

J. R. Deckard for Collector

J. R. Deckard of Gasconade announces this week as a candidate for the Democratic nomination for county collector. He is a graduate of the Mansfield high school of the class of 1905 and has also taken Normal and University work. He is a successful and thorough farmer and school teacher and is well qualified for the office to which he aspires. He is 31 years old and a man of high standing in the community—always ready to work for the good of all. He stands for temperance and clean politics and will no doubt make a good showing in the campaign.

NOTICE OF MASS-MEETING

Notice is hereby given that a meeting of the qualified voters of the City of Mansfield is called for 7:30 p. m., Wednesday, March 25, 1914, at the G. A. R. Hall for the purpose of nominating the following City Officers: Marshal, Assessor, and one Alderman from each Ward.

G. S. BURNEY, Mayor.

J. W. BRAZEAL, City Clerk.

SCHOOL NOTES

The attendance is excellent. Only one tardy pupil this week. Jordan Bogart is out of school on account of sickness.

Every member of the senior class was present Monday and Tuesday.

Not a pupil was out of Miss Rippee's room Monday except at the recess times.

Miss Keller's pupils are enjoying a very beautiful flower—the cineraria—which she secured from the Experiment Station last week.

The senior class has begun work on their class play—"At the End of the Rainbow"—which will be given some time before the close of school.

The pupils in Miss Gaskill's room are enjoying some new nature study leaflets that not only furnish material for reading classes but also for drawing and language work.

Mr. Arnold is allowing all his seventh grade pupils, who made an average of 85, in their examinations, to take additional work in U. S. history. Those in the 8th grade take algebra.

The tulip, hyacinth and jonquil bulbs put out in front of the building last fall are growing rapidly these sunny days and if nothing injures them we shall soon have pretty flowers instead of the bare ground to look at.

The matter of tardiness was discussed at the faculty meeting Tuesday afternoon. It seems that some parents do not understand that pupils are tardy if they fail to get to school at nine o'clock. An excuse may take the blame off the child and put it on the parent but still not remove the tardy mark.

Supt. Smith of the Seymour school spent most of the day Friday visiting the school here. Mr. Smith has succeeded in raising his school from the third to the second class this year but he is not willing to stop there. He is especially anxious to improve the grade conditions at Seymour and the Board gives him time to visit other schools to see what they are doing. He has two assistants in high school and can give much of his time to supervision—just what we need here. We enjoyed Supt. Smith's visit and remarks in the different rooms. We know he saw some good work in the grades and believe his visit will be mutually helpful to us all.
